

MG4 EV

Say NO to compromise.

SAY YES TO
ELECTRIC.
SAY YES TO
THE MG4 EV

WELCOME TO THE NEXT GENERATION OF ELECTRIC DRIVING.

The MG4 EV gives you up to 329 miles on a single charge*; all the space you need in this family-friendly hatchback, plus intelligent infotainment and technology to keep everyone safe and connected. Why compromise when you can have the MG4 EV?

- Space to move
- Value for money
- Technology and connectivity
- A great car to drive

 <p>329 MILE ELECTRIC RANGE*</p>	 <p>FAMILY SIZED</p>	 <p>LOW RUNNING COSTS</p>
 <p>MG PILOT</p>	 <p>ZERO TAILPIPE EMISSIONS</p>	 <p>UP TO 1,177L BOOT CAPACITY*</p>

*Range applies to MG4 EV Trophy Extended Range with the 77kWh battery from a single charge on the WLTP combined cycle: Combined Range 329 miles (530 km); City Range: 449 miles (724 km); Combined Driving Efficiency: 3.86 miles/kWh (16.1 kWh/100km). Range figures provided are calculated under test conditions. These figures are for comparative purposes only and may not reflect real-life driving results. Actual range may vary depending on various factors such as weather conditions, driving styles, vehicle load, and accessories fitted post-registration. ^With the seats folded down on SE Standard & SE Long Range models only.

SAY YES TO...

Living space

Say NO to cramped car journeys. Say YES to comfort and spacious interiors.

With ultra-thin battery technology and a 2,705mm wheelbase, the MG4 EV gives everyone room to relax, ensuring you and your passengers enjoy a comfortable journey.

Strap your kids in the back, throw your cases in the spacious, versatile boot and stay organised with an ingenious array of smart storage features for iPads™, toys, keys, bags and everything the family needs.

Technology for more control

Say YES to safety, practicality, and entertainment to make every journey more rewarding.

The MG4 EV drives up safety and efficiency with innovative technology, including regenerative braking, voice control, and the MG iSMART app that allows you to communicate with vital functions via your smartphone.

The MG4 EV is also MG's most technologically advanced car. A 10.25" colour touchscreen with Apple CarPlay™ and Android Auto™ all as standard gives you visibility and control.

Vehicle to Load (V2L) technology can power external devices, such as e-bikes, using the high voltage battery and MG Pilot brings a combination of semi-autonomous systems to make driving as easy and safe as possible.

YOU CAN NOW SAY YES TO ELECTRIC

Exceptional value

Does electric power and high specification have to come with a high price tag?

Not anymore with the MG4 EV.

If you've been considering switching to an EV, but the cost makes you think twice, the MG4 EV could change your mind.

The design and innovation in the MG4 EV make it the full electric package. With generous interior space and storage, comprehensive levels of equipment and advanced safety features, at a price that's within reach, all backed up by our 7 year warranty.

With the MG4 EV, you get more than ever before.

A FEEL-GOOD DRIVE

There's more to enjoy as we make every minute behind the wheel easy and safe.

Built for play

Whatever your driving style, the MG4 EV is loaded with features to help you glide around corners and command the straights.

Dynamic rear-wheel drive delivers precision steering from the front axle paired with powerful traction and acceleration from the rear. Independent suspension delivers a smooth ride, and 5 selectable driving modes enable you to customise your journey to suit the road conditions.

Serious about safety

Drive safe with the knowledge that the MG4 EV has been built to protect you and your passengers. Our advanced MG Pilot system comes as standard and uses an array of cameras and sensors to make driving safer and easier.

*Range applies to MG4 EV Trophy Extended Range with the 77kWh battery from a single charge on the WLTP combined cycle: Combined Range 329 miles (530 km); City Range: 449 miles (724 km); Combined Driving Efficiency: 3.86 miles/kWh (16.1 kWh/100km). Range figures provided are calculated under test conditions. These figures are for comparative purposes only and may not reflect real-life driving results. Actual range may vary depending on various factors such as weather conditions, driving styles, vehicle load, and accessories fitted post-registration.

SMART IN EVERY SENSE

Can you combine real-world practicality with bold, contemporary design? You can in the MG4 EV.

With balanced styling and a streamlined face that frames angular LED headlights, the MG4 EV projects confidence from every angle.

On the Trophy Extended Range and XPOWER models, a flowing two-tone roof connects to an instantly recognisable twin aero rear spoiler. Follow the smooth lines down, and you'll find a rear centre light bar with distinctive cross hatch detail.

Cross hatch light design effect

Active Intake Grille Shutter

SUPERIOR INTERIOR

You can't say NO to next-level comfort and user-friendly design.

As you take the two-spoke steering wheel in-hand and settle into the ergonomic driver's seat, the MG4 EV's intuitive digital display has all the information you need. Discover an enjoyable and easy driving experience.

Plus, there are plentiful smart storage spaces around the cabin to ensure everyone's phone, keys, refreshments and more are always within easy reach.

Shift effortlessly

Change from park to drive with a turn of our elegantly simple rotary gear selector. With auto start and stop, plus an electronic park brake, you can enjoy total control with minimum effort.

Heated steering wheel and seats

Stay warm on those cold mornings with heated seats and a four-way adjustable heated steering wheel.*

Wireless charging*

When your phone's low on power, don't worry about plugging it in. Just rest it in the convenient wireless charging tray.

*Trophy and XPOWER models only.

FEEL ELECTRIC

Get behind the wheel and unleash more agility and freedom.

The MG4 EV SE model offers a driving range of up to 288 miles on a single charge and is available in a Long Range option which extends that range up to 281 miles. The MG4 EV Trophy model has a Long Range battery as standard and will take you up to 279 miles when fully charged.

And with the MG4 EV Trophy Extended Range offering up to 329 miles*, the MG4 EV range now take you further than ever before.

You're also free to drive the way you feel with a series of intelligent driving modes, including energy-saving Eco mode, and Sport mode for powerful acceleration and fast overtaking.

Positively charged

The 49kWh battery in the MG4 EV SE and the 77kWh battery in the MG4 EV Trophy Extended Range can be charged from 10% to 80% in 40 minutes, with the 64kWh battery in the SE Long Range, Trophy & XPOWER models taking 30 minutes using a 150kW rapid charger.** Just the right amount of time to grab a coffee.

*Range applies to MG4 EV Trophy Extended Range with the 77kWh battery from a single charge on the WLTP combined cycle: Combined Range 329 miles (530 km); City Range: 449 miles (724 km); Combined Driving Efficiency: 3.86 miles/kWh (16.1 kWh/100km). Range figures provided are calculated under test conditions. These figures are for comparative purposes only and may not reflect real-life driving results. Actual range may vary depending on various factors such as weather conditions, driving styles, vehicle load, and accessories fitted post-registration. **10-80% charging time applies to MG4 EV SE/Trophy Long Range with the 64kWh battery using a 150kW Ultra-Fast charger under standardised test conditions. Charging times in real world conditions will vary dependent on a number of factors. Charging times will be increased when using chargers of a lower capacity. Availability of 150kW-capable chargers may be limited depending on your location.

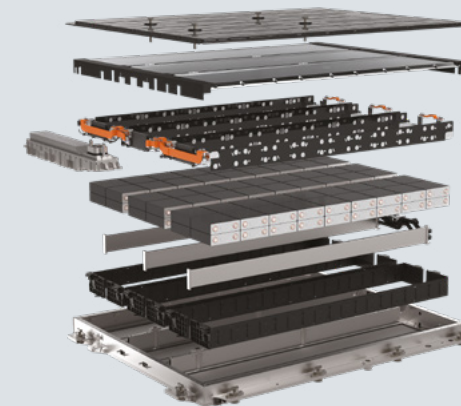

NEXT GENERATION, NEXT LEVEL

The MG4 EV is our first vehicle built purely as an EV, with a new level of technology, driving pleasure and value that says NO to compromise.

At the heart of its electric powertrain is a powerful lithium-ion battery. With three battery options available to suit your requirements, these efficient powerplants are water-cooled to optimise charging and range in all weathers.

At just 110mm in height, these ultra-thin batteries create more leg and headroom in the cabin, along with a low centre of gravity for improved handling and stability.

EXPERIENCE PURE POWER

The MG4 EV XPOWER is the first of the next generation of high-performance EV hatchbacks, offering breath-taking power, dynamic styling and an unforgettable driving experience.

Featuring an all-wheel drive system for improved traction alongside dual motors that work in sync with launch control for unparalleled acceleration. It's onboard 10.25" touchscreen offers a track mode display and an advanced braking system offers the ultimate control.

Are you ready to experience MG's most powerful production car yet?

Next level performance

The MG4 EV XPOWER's 64kWh battery produces a maximum power of 435PS (320kW) powered by a dual motor configuration, taking your electric driving experience to the next level.

Exclusive design

Featuring striking orange 'XPOWER' brake calipers, 18" cyclone alloy wheels, two-tone black roof, alongside an exclusive Racing Green Matte colour option, the MG4 EV XPOWER truly is a HOT hatch.

Dual motor powertrain

With the dual motor powering all four wheels, the MG4 EV XPOWER offers an impressive 435PS and up to 600Nm of torque, positioning itself as one of the most powerful high-performance hatchbacks available.

Advanced braking

By combining the unique 18" cyclone wheels, larger front and rear brake discs, and sports calipers, the MG4 EV XPOWER achieves a remarkable deceleration from 62 - 0 mph in only 33.9 metres.

All-wheel drive

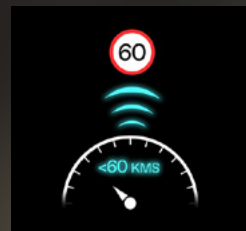

Take control of the road with MG4 EV XPOWER's all-wheel drive system. Providing enhanced traction, improved stability and enhanced safety through active braking on the inside wheels for added peace of mind.

Launch control

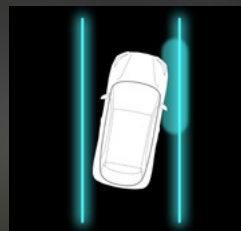

Exclusively available to MG4 EV XPOWER, launch control provides an exhilarating sporty driving experience, propelling you from 0 - 62 mph in just 3.8 seconds. You need to feel it to believe it!

MG PILOT

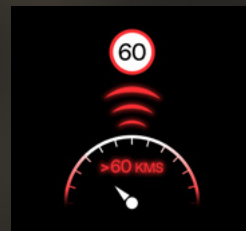

The MG Pilot suite of high-tech driver assistance technology gives you added confidence on the road. A selection of warning and alert features assists the driver, maintaining safety and simplifying everyday driving.

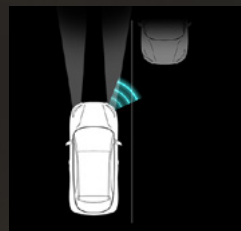

Intelligent Speed Limit Assist

Lane Keep Assist

Traffic Sign Recognition

Intelligent High Beam Assist

Cruise control features

TECHNOLOGY TO EMPOWER

Dual Pinion EPS precision steering

Stay smooth and agile on the road with our innovative DP-EPS. It responds in real-time to deliver optimum stability, plus it adjusts to your speed and style for excellent control in all conditions.

Power up with Vehicle to Load

Our V2L technology gives you the freedom to power up other appliances away from home. Charge an electric bike on holiday, power an electric pump for your airbed or even plug in your laptop for remote working. The 240V supply is safely delivered with an optional cable and easily controlled through the 10.25" colour touchscreen on the dash.

Smart, simple display

Keep track of everything, from fuel and journey status to music and entertainment, with our free-standing 7" digital driver display. The high-resolution LCD screen delivers real-time information with easy operation via the steering wheel.

Ultimate infotainment

Our 10.25" colour touchscreen puts a wealth of information at your fingertips – including music, charging management and air conditioning, Apple CarPlay™ and Android Auto™. Slide-to-select functionality gives you all the convenience of a tablet.

Heated steering wheel^

Stay warm on those cold mornings with the comfort of the MG4 EV's heated steering wheel.

360° vision

With the Trophy model, you always park in the clear with a 360° camera.^

More freedom, more safety, more control.
The MG4 EV is equipped with tech to impress.

Advanced integrated braking

Enjoy the peace of mind of the MG4 EV's latest generation integrated braking system. It combines the front ventilated discs and rear solid discs to respond faster than a conventional two-box braking system.

Apple CarPlay™ and Android Audio™ ready

Music, maps, messages, calls. You can tap into all the features of your smartphone on the go with safe and convenient Apple CarPlay™ and Android Audio™ functions.

Active Intake Grille Shutter

AGS regulates the airflow according to the vehicle requirements, improving efficiency, especially at motorway speeds and assisting with maximising range.

^Trophy and XPOWER models only.

iSMART INNOVATION

The innovative MG iSMART system is designed to elevate your driving experience, delivering more ease and convenience to your MG4 EV drive.

MG iSMART integrates car, internet and user communication – giving you the power to operate many functions with hands-free voice control. The dedicated MG smartphone app helps you find your parked car, plan your next journey, and pick out nearby charging points en route.

MG iSMART even looks after your MG4 EV when you're not in it. You can pre-start the climate control system to cool or heat the car before you step inside. And using the app, you can check your battery status and schedule charging at whatever time works best for you.

MG iSMART also gets you and your passengers online with a Wi-Fi hotspot.

AFTERCARE

7 year warranty

More peace of mind comes as standard with every MG. The MG4 EV offers the reassurance of our full 7 year or 80,000 mile warranty, whichever comes first. What's more, your battery is covered by an 8 year warranty. Our warranties ensures that expert MG technicians will always be able to keep your car in the best of health. They're also fully transferable to future owners.

MG Service Plans

To enjoy mile after mile of hassle-free motoring, you can avoid the worry of unexpected costs with an MG Service Plan. Your MG will be protected for up to seven years with a mileage range of your choice. And it will have the care and attention of the MG authorised repairer network, offering genuine parts and factory trained staff.
